## Cavalier à la fontaine

A la fraîche fontaine  
Sous le grand peuplier.  
A la fraîche fontaine  
S'arrête un cavalier.

Son noir cheval est blanc  
D'écume et de poussière.  
Il est blanc de la queue  
Jusqu'à la crinière.

A la fraîche fontaine  
Sous le grand peuplier  
A la fraîche fontaine  
S'arrête un cavalier.
